BR30 LED Lamp

Verbatim BR30 LED lamps are designed as high quality, energy efficient replacements for halogen flood lamps. With a wider light distribution than PAR lamps, Verbatim BR30 LED retrofit lamps are ideal for recessed-can and downlight applications in restaurants, hotels, commercial properties and residential settings. Available in warm color temperatures of 2700K and 3000K, Verbatim BR30 LED lamps are fully dimmable. A shatter proof, frosted plastic cover hides the LED chips, mimicking the look of traditional halogen downlights. Verbatim BR30 LED lamp has an estimated lifetime of 25,000 hours, resulting in maintenance and replacement costs that are significantly lower than halogen lamps.
