Verbatim®

2023 Product Catalog

At Verbatim®, we believe that technology is more than complex machines and computers — technology is about improving your everyday life.

For more than 50 years, we have worked to build a future that seamlessly integrates technology in ways that improve how people everywhere live, work and play.

Verbatim® first made its name as a pioneer in the development of floppy disks and optical media technology. We have drawn upon that technological legacy to develop an extensive selection of data storage devices, computer peripherals, gaming solutions and LED lighting technology. All of these product lines are renowned throughout their industries for exceptional quality, performance and reliability.

Today, we continuously reach toward the potential of tomorrow. By partnering with other technology leaders, we are developing and introducing products you can rely on to make your everyday life more efficient, convenient and enjoyable. Verbatim® – TECHNOLOGY YOU CAN TRUST®.

Blu-ray

Verbatim® leads the market in Blu-ray compatibility; we have long-standing relationships with hardware manufacturers like Sony, Pioneer, Panasonic, LG and more, and they use our discs for their internal testing. All Verbatim® Blu-ray discs feature proprietary Hard Coat™ to protect against scratches, fingerprints and dust build-up, reducing recording or playback errors. Backed by a limited lifetime warranty, Verbatim is proud to offer high-quality, reliable Blu-ray media in a variety of capacities and formats.

M-DISC™

Verbatim® M-DISC™ optical media is the new standard for digital archival storage. Data stored on an M-DISC is engraved on a patented inorganic write layer – it will not fade or deteriorate. This unique engraving process renders these archival grade discs practically impervious to environmental exposure, including light, temperature and humidity. ISO/IEC 16963 standard longevity tests have proven the durability of M-DISC technology, and it withstood rigorous testing by the US Department of Defense. Based on ISO/IEC 16963 testing, M-DISC™ media has a projected lifetime of several hundred years.

DUAL USB DRIVES

Dual USB drives facilitate data transfers between mobile devices and PC's, allowing you to back-up files from your phone or tablet, quickly and easily. Dual USB drives also provide additional storage space for your mobile device – with a simple settings change, you can record video or save photos, music and more directly to the USB drive. For even greater flexibility, you can access content stored on the USB without loading onto your device. Dual USB drives are available in a variety of formats to suit different device connectors.

Store 'n' Go® Dual USB Flash Drives for USB Type-C® Devices – USB 3.2 Gen 1

Transfer files quickly and easily between your USB Type-C® equipped mobile device or laptop and other PC's using Verbatim®'s Store 'n' Go® Dual USB Flash Drive – no wireless connection or data plan usage required. Instantly add storage to your USB-C phone or tablet, so you have room to capture more photos, shoot more video or free up space for apps. Backing up those files to your PC is a snap, simply insert the flash drive into the applicable port (USB-A or USB-C) on your PC and transfer the files. A simple settings change on your mobile device also allows you to record video and save photos or music directly to the USB drive – no transfer required.

SOLID STATE DRIVES (SSD)

Verbatim®'s lightning-fast internal and external solid state drives are ideal for memory intensive applications, gaming and system back-up. Easily transform the performance of hard drive-based desktops or laptops and enjoy decreased system boot time, more efficient multi-tasking and faster system responsiveness. Available in a wide range of form factors including both SATA and PCIe NVMe interfaces to suit any need.

Vx460 External SSD – USB 3.2 Gen 1

Ideal for everyday use, Verbatim®'s Vx460 external SSD is a no-fuss solution for data transfer and storage on-the-go. Offering data transfer rates up to 460MB/sec, the Vx460 SSD offers performance when you need it, using the included USB 3.2 Gen 1 cable.* The Vx460 external SSD operates silently and features low power consumption for extended laptop battery life.

*Based on internal testing. Actual performance may vary depending on host computer environment and use conditions.

70381	128GB – Black	70382	256GB – Black	70383	512GB – Black

Vx500 External SSD – USB 3.2 Gen 2

Lightweight, fast, compact and durable, Verbatim®'s Vx500 external SSD provides the latest in external data storage options. Offering data transfer rates up to 500MB/sec, the Vx500 external SSD is ideal for users that demand maximum performance in data storage devices.* With USB 3.2 Gen 2 connectivity, the Vx500 handles large data transfers quickly – ideal for video editing, interchanging large amounts of data, or maximizing gaming performance. The Vx500 external SSD operates silently and features low power consumption for extended laptop battery life.

* For optimal performance use with a USB 3.2 Gen 2 port/cable or a Thunderbolt™ 3 port/cable. Transfer speeds based on internal data using UASP and BOT mode.

VGX1000® Gaming PCIe NVMe External SSD

Game on the go with Verbatim® VGX1000® PCIe NVMe external SSDs. Part of the Verbatim Gaming Xtreme® family, these SSDs were designed with gamers in mind. Don't sacrifice space for performance – high capacity drives give you the space you need for your games. The VGX1000 is compatible with a wide variety of devices, including game consoles, PCs, laptops, and more with the included USB-A and USB Type-C® cables. Thanks to the PCIe NVMe interface, you can enjoy blazing fast transfer speeds, with up to 1000MB/s read and 930MB/s write*. Verbatim®'s VGX1000® external SSDs are backed by a 3-year limited warranty or up to the TBW rating.

*For optimal performance, use a USB 3.2 Gen 2 USB-C cable/port. Transfer speeds based on internal data. Your performance will vary depending on environmental factors.

Vi550 Internal SATA III 2.5” Internal SSD

Verbatim®’s Vi550 SATA III 2.5” Internal SSDs are an ideal choice for transforming the performance of any hard drive-based PC or laptop computer. Featuring the SATA III interface, the Vi550 Internal SSDs boast transfer speeds of up to 560 MB/s read and up to 535 MB/s write*. With transfer speeds far superior to mechanical hard drives, get ready to experience decreased system boot time, more efficient multi-tasking, and faster system responsiveness. These SSDs utilize cutting-edge 3D NAND flash technology along with an industry renowned Phison controller to deliver lightning-fast and reliable SSD performance.

*Sequential transfer speeds based on internal testing using ATTO benchmark. Actual performance may vary depending on host computer environment and use conditions. Transfer speeds are capacity dependent – see spec sheet for additional details.

FLASH MEMORY CARDS

Verbatim® Flash Memory Cards provide high-performance mobile storage in a full range of formats including: SDHC®, microSDHC®, SDXC®, and microSDXC®. With an incredible combination of high storage capacity, fast data transfer, and great capture/playback, our Flash Memory Cards are ideal for both amateur and professional photographers.

microSD Cards

Verbatim® microSD cards provide reliable storage for photos, music and videos for your microSD equipped mobile devices. Use these versatile cards to transfer existing files from your phone/tablet to your PC, or record video, save photos and more directly to the card. microSD cards are also great for use with action cameras, with a line that includes cards able to capture 4K video. Verbatim Pro and Pro Plus microSD cards are also ideal for use with the Nintendo Switch™ video game console as removable storage memory*.

ACCESSORIES

From computers to notebooks, tablets to smartphones, Verbatim® offers an extensive line of innovative, reliable and affordable accessories. Our broad range includes mice, keyboards, headphones, speakers and cables – all designed to enhance the experience of your device – at work or play.

Wireless Slim Keyboard

Featuring low-profile, quiet, soft-touch keys and a media console for controlling digital music, this keyboard is designed to maximize efficiency. With a full-size keyboard format and 9-digit numeric keypad, this keyboard comes with a wireless mouse with nano receiver – small enough to leave plugged in to your USB port.

99793 Keyboard

Wireless Keyboard and Mouse

This keyboard and mouse combo lets you cut the cord and go wireless. Featuring a 2.4GHz wireless connection for reliability and performance, this combo easily connects to your computer using the included nano receiver, ideal for working at home or in the office. The keyboard also features a multimedia console with hot keys that provide instant access to media controls. The included mouse is ambidextrous, ideal for right or left hand users, and has 1000 DPI for higher precision and accuracy while clicking.

70724 Keyboard and Mouse

Wired Keyboard and Mouse

Verbatim® Wired Keyboards are your key to productivity! Enjoy constant and reliable connectivity to your computers through the direct USB connection, and full functionality so you won't be slowed down. Hot keys on the keyboard provide instant access to media controls, putting your music at your fingertips. LED status indicators for CAPS Lock, Scroll Lock and Num Lock let you quickly and easily see your keyboard's status. Our keyboard and mice combo includes a wired mouse for the ultimate in convenience. This mouse features 1000 DPI, for higher precision and accuracy while clicking, and an ambidextrous design, ideal for both right and left hand users.

70735 Keyboard

70734 Keyboard and Mouse

Silent Wireless Mouse and Keyboard

Say goodbye to noise and hello to silence with the Verbatim® Silent Mouse and Keyboard. Using new Silent Technology, silent click switches, and rubber covers, these Verbatim products are truly silent. The nano receiver is small enough to plug in and leave connected and the 2.4GHz wireless performance allows for a lag-free connection. The Silent Mouse features Blue LED technology, allowing users to point and click on more surfaces than other mice – from a glass table to the granite kitchen counter! The Silent Keyboard features a full numeric keypad and full-size function keys, all within a slim, efficient design.

99779 Keyboard and Mouse

Illuminated Keyboard

Reduce eyestrain and increase productivity with the Verbatim® Illuminated Keyboard. The keys can be quickly illuminated for easy visibility in low lighting, perfect for working in dim or dark conditions. The Verbatim Illuminated Keyboard features quiet, soft-touch keys that provide a crisp, responsive feel when typing. For full functionality, this keyboard features hot keys for instant access to media controls as well as a full numeric keypad and full-size function keys.

99789 Keyboard

Wireless Multimedia Keyboard and 6-Button Mouse

With hot keys that provide instant access to media controls, the Wireless Multimedia keyboard is ideal for connecting you to your music. The nano receiver is small enough to plug in and leave connected and the 2.4GHz wireless performance allows for a lag-free connection. The included 6-Button Mouse features right, left, back (for websites), forward (for websites), scroll wheel, zoom and adjustable DPI buttons.

99788 Keyboard and Mouse

Silent Wireless Compact Keyboard and Mouse

Say goodbye to noise and hello to silence with the Verbatim® Silent Compact Keyboard and Mouse. With a silent key design on the keyboard and silent click switches on the mouse, these Verbatim products are truly silent.

GAMING

Verbatim® has designed an extensive line of gaming accessories, compatible with the Nintendo Switch™, Nintendo Switch™ Lite, PlayStation®5, and Xbox to help improve your gameplay experience. With a wide range of products including controllers, cases, grips, stands and more, Verbatim has everything you need.

Wired Controller for use with Nintendo Switch™

Play in comfort with the Verbatim® Wired Controller. For use with the Nintendo Switch™ and Nintendo Switch™ Lite, this controller easily connects to your console, with the included USB-A to USB Type-C® adapter, and includes a 6 ft. cable to let you sit back and enjoy gaming. This controller also features a vibration function for more realistic game play.

99797 Black

Wireless Controller for use with Nintendo Switch™

Play in comfort with the Verbatim® Wireless Controller. For use with the Nintendo Switch™ and Nintendo Switch™ Lite, this controller connects wirelessly to your console and features a 2.4Ghz connection for lag-free performance. This controller also features a vibration function for more realistic game play. Easily charge the controller with the included microUSB cable, keeping it charged even on-the-go.

70221 Black

Pro Controller with Console Grip for use with Nintendo Switch™

Get the best of both worlds with the Verbatim® Pro Controller with Console Grip. Designed for use with the Nintendo Switch™, this controller gives you the functionality of a pro controller while holding the console. 6-axis gyroscopic motion controls combine with dual vibration motors to give you a more realistic and flexible gameplay experience. The textured, anti-slip feel keeps your hands comfortable even after hours of playtime.

70709 Black

Starter Kit for use with Nintendo Switch™

Transport and store your console with the Verbatim® Starter Kit. Designed for use with the Nintendo Switch™, this starter kit includes everything you need to protect and travel with your console. A protective EVA case keeps the console safe, with a soft insert for additional screen protection and storage for 10 game cards. The included expansion card slot stores up to 6 more game cards as well as 2 SD cards. The screen protection film protects your console screen from everyday scratches, dust and more. This kit also includes silicon controller covers, thumb stick covers and protective plugs, offering even more protection from dust and debris. And the included controller grip is ideal for long playing times.
